4. Technical Blueprint

Stack

```
Framework: Next.js 14+ (App Router) + TypeScript
Styling: Tailwind CSS (mobile-first breakpoints)
Animation: Framer Motion + @use-gesture/react
CMS: Sanity.io (Potentiaa-editable, no code needed)
Forms: React Hook Form + Zod
Hosting: Vercel
Analytics: Google Analytics 4
```

Responsive Breakpoints

```
base (0-639px) Mobile - design here first
md (768px+) Tablet
lg (1024px+) Desktop
```

Mobile-Specific Components

- Curtain-drop menu — hamburger opens a full-screen descending curtain
- Sticky bottom booking bar — Book Us + WhatsApp, thumb-reachable
- Swipe carousels — replace desktop grids (Repertoire, Productions, Workshops)
- Bottom sheets — forms & detail views slide up instead of new page loads
- Swipe lightbox — gallery images swipe, pinch-zoom, swipe-down to dismiss
- Tap-glow spotlight — mobile's version of the desktop cursor-glow hover

CMS Structure (Sanity)

Singletons: homepage, about, ramleela, ghazalEvents, annualDay, workshops, collaborate, contact, siteSettings

Repeatable: production, teamMember, galleryItem, mediaItem, enquirySubmission

Forms & WhatsApp Flow

```
1. Client validates (Zod)
2. Submit -> serverless route -> stores in Sanity + emails team
3. Redirect -> wa.me/918585909213?text={enquiry summary}
```

SEO Essentials

- ✓ Unique title + meta description per page (see keyword table below)
- ✓ One H1 per page, semantic heading structure
- ✓ JSON-LD schema per page (Organization, Event, FAQPage, BreadcrumbList)
- ✓ Required alt text on every image (CMS-enforced)
- ✓ Dynamic sitemap.xml + robots.txt
- ✓ Mobile-first indexing — Google crawls mobile version first

Page	Primary Keyword
Home	raghuvansh theatre group
About	Pt Amitosh Sharma / NSD alumni theatre
RamLeela	ramleela red fort delhi
Productions	raghuvansh theatre productions
Ghazal Events	ghazal night booking india
Annual Day	annual day theatre school india
Workshops	theatre workshop delhi NSD

Page	Primary Keyword
Gallery	ramleela photos red fort
Media	raghuvansh BBC brut
Contact	contact raghuvansh theatre group

Performance & Accessibility Targets

- ✓ Lighthouse mobile 90+ across Performance, SEO, Accessibility
- ✓ next/image everywhere — lazy load, blur placeholder, AVIF/WebP
- ✓ Lazy-load YouTube embeds — don't load iframe until tapped
- ✓ Touch targets $\geq 44\text{px}$; buttons 48px tall on mobile
- ✓ Gold text only for large/display type — body text stays ink-on-canvas for contrast
- ✓ Respect prefers-reduced-motion on all animation

Build Order

1. Design tokens + core UI components (Nav, Footer, Buttons, Curtain reveal)
2. Sanity CMS schemas + Studio setup
3. Pages: Home -> RamLeela -> Productions -> Ghazal -> Annual Day -> About
-> Workshops, Team, Gallery, Media, Collaborate, Contact
4. Forms + WhatsApp integration + GA4
5. SEO metadata + schema + sitemap
6. Mobile QA on real Android device + Lighthouse pass
7. Deploy to Vercel + connect raghuvansh.co
